Liverpool City Region Combined Authority SFRA
Liverpool Detailed Map

Map 1

Please select the data you wish to view from the drop down menu below:

Map Data

- Liverpool boundary
- Main River
- Ordinary Watercourse
- 8m River Buffer

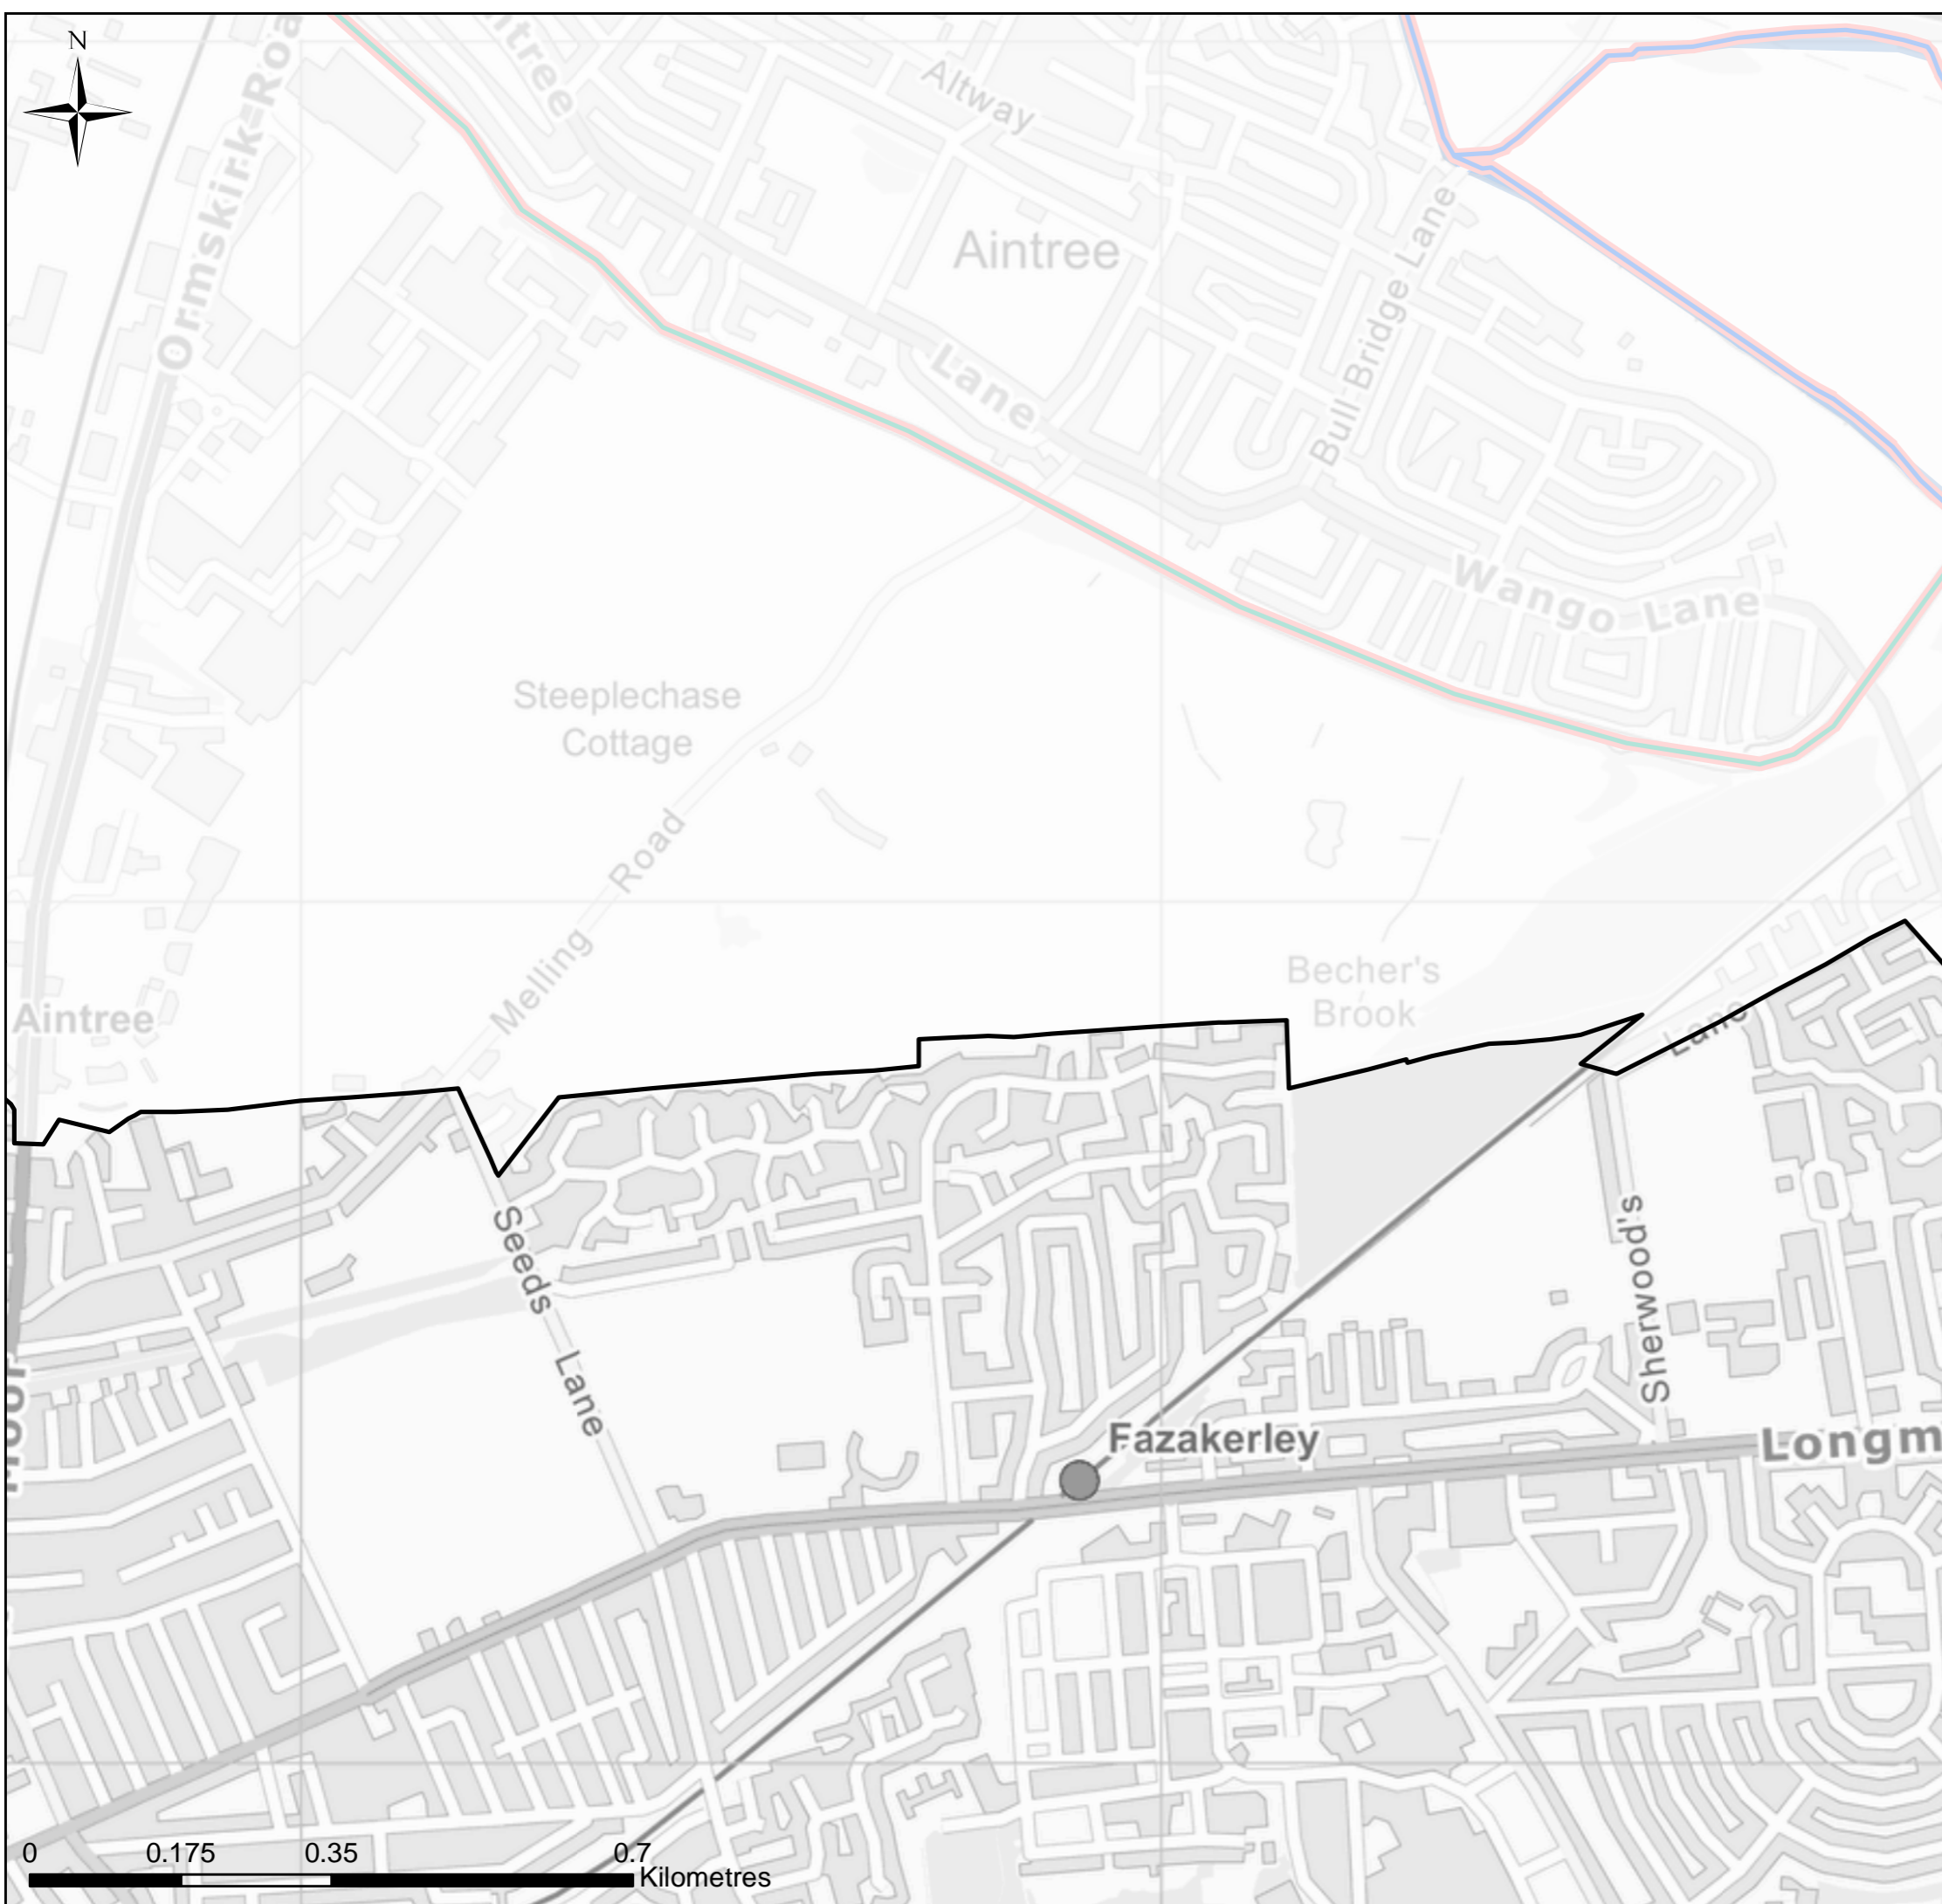

Flood Zones

- Flood Zone 3b (functional floodplain)
- Flood Zone 3a (EA)
- Flood Zone 2 (EA)

The climate change modelling layers refer to the uplifted modelled flows to represent the impact of climate change on flooding. Refer to Section 4.12 of the SFRA report and associated appendices for further information.

Note: there are a number of gaps in data and information at this draft stage of the SFRA. Please see the 'Data Gaps' section of the SFRA Report for a list of unavailable information. The case may be that such information does not exist or has not been made available for the SFRA for unknown reasons.

The climate change modelling layers refer to the uplifted modelled flows to represent the impact of climate change on flooding. Refer to Section 4.12 of the SFRA report and associated appendices for further information.

Note: there are a number of gaps in data and information at this draft stage of the SFRA. Please see the 'Data Gaps' section of the SFRA Report for a list of unavailable information. The case may be that such information does not exist or has not been made available for the SFRA for unknown reasons.
